teskon+SODEX 2021

2-5 June 2021

Tepekule Congress and Exhibition Center, İzmir

Meeting of HVAC&R Sector in Aegean Region

8th Meeting of Heating, Refrigeration, Air Conditioning, Insulation, Pump and Valve Sectors in İzmir

Why teskon+SODEX?

- Important trade potential of İzmir
- Organised by Hannover Messe Sodeks Fuarçılık A.Ş., the organiser of the leading trade fair of Eurasia Region in HVAC&R sector
- Aim of bringing together the leader manufacturers of the sector with the professional buyers

Why İzmir?

- Attraction point for international companies' big scale investments
- It is the second biggest trade city of Turkey with approx. 10% share of industrial manufacturing
- The city has rich renewable energy resources especially for wind, geothermal and solar energy
- It is highlighted as an important port and an important trade city
- It has a lot of advantages like as qualified workforce, raw and intermediate resources, climate, developed infrastructure, a business environment focused on international trade and being close to internal and external markets.

The total export of İzmir between January-November 2020 is approx. 860 billion USD. The total export of İzmir in Air Conditioning Sector is approx. 34 billion USD in that period of time.*
